Saab Certified  
Pre-Owned

Saab was founded by 16 aircraft engineers. Their spirit lives on. That means that every time you step inside the cockpit, you'll experience the highest level of performance, safety and durability. After all, once you've built jets, you don't build just another car. And to help everyone afford this kind of luxury, we're offering an alternate flight plan—the Saab Certified Pre-Owned program.

## Enjoy the security of a comprehensive warranty.

Every Certified Pre-Owned Saab comes with a comprehensive warranty package, including:

- 6-year/100,000-mile warranty from original new-vehicle delivery date and mileage, whichever comes first (refer to the New Vehicle Warranty for other limitations)
- Factory 6-year/unlimited-mile new-car corrosion protection limited warranty\*

## What it takes to be a Saab Certified Pre-Owned Vehicle.

Before your Saab is cleared to leave the runway, it goes through a 117-Plus Point Inspection. To win the designation of Saab Certified Pre-Owned, a vehicle must meet the following criteria:

- Comprehensive road test evaluation
- Inspection of electrical, brake, cooling and fuel systems
- Up to date on all scheduled maintenance requirements
- Interior and exterior inspected and detailed
- Carfax<sup>†</sup> report available upon request at no charge
- See dealer for 117-Plus Point Inspection list

## Every flight includes Saab Roadside Assistance.

If you ever need assistance, you're covered by our comprehensive Saab Roadside Assistance program, which includes:

- Full 24-hour coverage, 365 days a year, anywhere in the United States
- Assistance with changing a flat tire, a jump-start, fuel delivery, towing and even locksmithing services

\* Exclusions include but are not limited to minor adjustments, wiper blades, drive belts, brake pads and rotors, clutch discs, tires and all other exclusions as described in the New Vehicle Warranty, plus batteries, telematics and audio equipment.
