

Saab European Delivery Program

BORN FROM JETS

So, where do you want to go?

Saab was founded by 16 aircraft engineers. Their spirit lives on. Buying a new Saab through our European Delivery Program is a sensational experience. You can actually combine a great new-car deal with a fantastic vacation in Europe. And it's all very simple. First order your car at your local Saab dealer. After that, you can head for Europe, pick up your new car and enjoy the perfect motoring holiday — exploring fascinating countries, cities and roads in your very own new car. After exciting days and miles on scenic roads just drop your car off and return home. A few weeks later, the car will be delivered to you at your local dealer. It's quite simply a fantastic arrangement. The program even includes an extra-attractive car price and a generous contribution to your travel expenses. After all, once you've built jets, you don't build just another car. And you don't sell them like any other car either.

“The Saab program was simply the best.” — Michael R. Monin, Ohio

Choose your Saab

The beauty of the Saab European Delivery Program is its convenience and striking benefits. Just select exactly the car and equipment you want and place your order through your local Saab dealer. You'll benefit from very favorable pricing and your Saab dealer will handle all the paperwork and help with the logistical details. You will find details in this brochure, as well as on www.saabusa.com/europeandelivery.

Plan your delivery

After selecting your car, it's time to plan your trip to Europe. Decide when and where you want to have the car delivered. You can choose between Trollhättan in Sweden, the hometown of Saab, or for an additional fee, a number of exciting cities and capitals throughout Europe. Just let your touring plans decide which European delivery agency suits you best.

Enjoy Europe

When you pick up your new Saab in Europe, we will help take care of all of the practical details. The car will be fitted with the necessary Swedish export registration plates. Special Saab insurance can be arranged for the duration of your stay and roadside assistance will be available 24 hours a day. And to really make your trip a memorable vacation, we make a generous contribution towards your travel costs.

Pick up your car back home

After you've made your way around Europe, it's time to fly home. Simply hand over your car at any of our authorized drop-off agents and we'll take care of the rest. We'll make sure your car is carefully shipped to the Saab dealer of your choice in the US.* All shipping costs are included.

See www.saabusa.com/europeandelivery for latest information and pricing.

* For certain locations, drop-off charges apply.

“Ordering the car was very easy.” — Randall C. Gellens, California

When deciding on a Saab for delivery in Europe, you’ve got an inspiring range to explore. All US-specified Saab 9-3 and 9-5 models are included in the European Delivery Program. Whichever Saab you choose, you’ll get a sporty, spirited car with progressive design, world-class safety, and surprising functionality. Take a test drive to determine which model best suits your needs and wishes. If you share our passion for really fun-to-drive cars, we can promise a truly rewarding experience. Locate your dealer and find more information about the program on www.saabusa.com/europeandelivery.

“We had a great time visiting Sweden and picking up the car.”

— Patrick and Laura Lanthier, California

Choose your European delivery agency

With the Saab European Delivery Program you decide where you want to take delivery of your new Saab. Whichever pick-up point you choose you can expect a dedicated and memorable delivery from our trained specialists. For the most Saabish experience we recommend that you pick up your car in Trollhättan, the hometown of Saab. If your travel plans don’t go that far north you can take delivery in one of 14 beautiful cities around Europe, for a small additional fee.

A Swedish delivery experience

If you decide to pick up your new car at our Saab Factory Delivery Center in Trollhättan, we can promise a unique experience. The delivery even includes hotel accommodation for one night and an exciting opportunity for you to immerse yourself in the development and history of our cars. You receive all of this for no additional charge.

Your visit begins in the west-coast city of Gothenburg. When you arrive, a chauffeur will meet you and drive you to the historic Manor of Ronnum, where you’ll be our guest of honor.

Favored guest at the Ronnum Manor

Ronnum Manor lies just 10 minutes by car from the Delivery Center in Trollhättan. Ronnum is one of the region’s renowned historic country inns and has one of the most highly regarded kitchens in Sweden. At Ronnum you will enjoy a night’s stay including a fabulous three-course dinner. The following morning, your new Saab will be waiting for you at the Delivery Center, where a member of our Delivery Team will take you through the car’s features and documentation.

The Saab Museum and factory tour

At the Delivery Center you’ll also get a complimentary pass to the nearby Saab Museum, where you can delve into our exciting history. Many of the cars are absolutely unique, including the very first Saab, our experimental vehicles and rally-cars from the 1950s and on. Not to mention concept cars of the future. To complete the Saab experience, a visit to the Trollhättan Saab plant can also be arranged, subject to the plant’s hours of operation and current tour capacity.

Sweden awaits you.

When your visit at Saab in Trollhättan is over, the rest of Sweden awaits you. Behind the wheel of your new Saab you can easily reach and explore many of our country's beautiful and interesting destinations. And you have three Scandinavian capitals within a few hours on the road: Stockholm in Sweden, Oslo in Norway, and Copenhagen in Denmark.

www.visitsweden.com

Innovative Swedish cuisine

Whatever you feel like eating, you're in the right place. Sweden is developing a coveted international gastronomic reputation. Young Swedish chefs rank high in international acclaim for their innovative cuisine, and Stockholm is regarded as one of the absolute highlights on the European culinary map. In parallel, traditional Swedish cuisine continues to enjoy widespread popularity, including the famed Swedish "Smorgasbord."

Stockholm — beauty on water

Stockholm is undoubtedly one of the world's most beautiful capital cities. Built on 14 islands, surrounded by waters so clear and pure you can fish and swim right in the heart of the city. Stockholm is a sophisticated metropolis with shops offering the latest fashions, a vibrant cultural and recreational life, and exciting Scandinavian architecture. And if you appreciate history and art, you'll be delighted at the sheer variety of museums.

www.stockholmtown.com

The beautiful west coast

If you enjoy the sea, you simply have to drive along Sweden's beautiful west coast. From Gothenburg stretching north, there is a glittering necklace of small islands whose natural granite has been worn smooth by thousands of years of sea and wind. In the summer, the waters are dotted with sailing boats. And in the small fishing villages you can stop and sample the very best seafood to be found anywhere in Sweden, probably anywhere in Europe.

The kingdom of crystal

The Småland region is a must on your way south through Sweden. It has been the center of world-famous Swedish glassmaking for centuries and is today known as The Kingdom of Crystal. Tour around and you'll find glassworks from Kosta Boda and Orrefors, to name just a couple. Here, talented glass artists and skilled glassblowers fashion glass objects and artworks as well as items for everyday use.

“I was treated extremely well and I enjoyed the entire experience.” — Edward F. Stuart, Illinois

Go south

A journey through the southern region of Skåne brings you to a different Sweden. Wide-open plains, undulating fields of blowing rapeseed, and mile-long white sandy beaches. It's a region justifiably renowned for its many beautiful castles and mansions and the spectacular Turning Torso building in the city of Malmö. But Skåne is also the gateway to the Continent. The impressive bridge to Denmark offers a magnificent drive over the sea, adding inspiration to your journey south.

Paris, Rome, or Amsterdam

Imagine yourself behind the wheel of your new Saab with all of Europe ahead. Scenic roads, fascinating landscapes, historic cities, and pulsating capitals. You can visit Paris, Rome, and Amsterdam within a few days. With your new car you have an amazing opportunity to explore different countries and cultures and enjoy varied culinary delights along the road. And if you want to combine the sporty driving experience of your new Saab with sports activities, Europe is the place to be. Rivers, mountains, lakes, and the wide-open sea offer a sensational mix of opportunities. The more you drive around Europe, the more you'll wonder if your stay is going to be long enough.

Swedish export registration plates

When you buy a Saab through our European Delivery Program we take care of virtually all details. Your car is of course delivered with US specification and outfitted according to US regulations. In addition, your Saab can be registered with Swedish export registration plates that are valid for up to six months.

Full limited warranty coverage

Your new car is covered by a special 24-month mileage limited warranty while in Europe. When shipped home to the USA, your warranty will match the coverage applicable to all other Saab cars sold in the USA, i.e., a 100,000-mile/5-year* transferable powertrain warranty with no deductible. You also get 100,000 miles/5 years* of 24/7 roadside assistance and courtesy transportation.

Saab Roadside Assistance

Your new Saab also comes with two-year free Saab Roadside Assistance, providing quick help round the clock, every day of the year. Should anything unexpected happen on the road, we'll help you on site. This applies to everything from a breakdown to broken keys, tire damage, or loss of battery power. A Saab Roadside Assistance Center is never farther away than the nearest telephone.

*Whichever comes first. See dealer for limited warranty details.

Saab Insurance

An insurance package valid in most European countries is available to all European Delivery customers. It can be arranged for periods of 15 days up to one year, providing coverage against theft, fire, material damage, collision, and third-party legal liability. You will receive the international Green Card when you take delivery of your car. It is accepted in most countries as proof of valid insurance.

Home shipment — the bridge between Europe and the US.

Drop-off and home shipment

When it's time for you to go home, simply leave your car at one of our 26 authorized drop-off locations in Europe. The additional fee for this service depends on the location. Your professional agent will complete the shipment order form with you and then take care of all the handling procedures on your behalf. After that we'll take your car from port to your local Saab dealer in the USA. The Home Shipment service includes the cost of port handling, ocean freight, marine insurance, port brokerage, customs clearance, and transportation to an authorized US dealer.

For certain locations drop-off charges apply.

See www.saabusa.com/europeandelivery for latest information and pricing.

Pick up at your local dealership

A few weeks after your return home your car will arrive at your local Saab dealer. When you pick it up you will of course meet the same high level of service and commitment that has followed you throughout your entire European Delivery experience. We will provide you with all the documents you need to register your car locally with regular US license plates. And then you can simply drive away and continue to enjoy your new Saab. Now on your own home ground.
